INDUSTRIAL TRAVELING CABLE

About Echelon

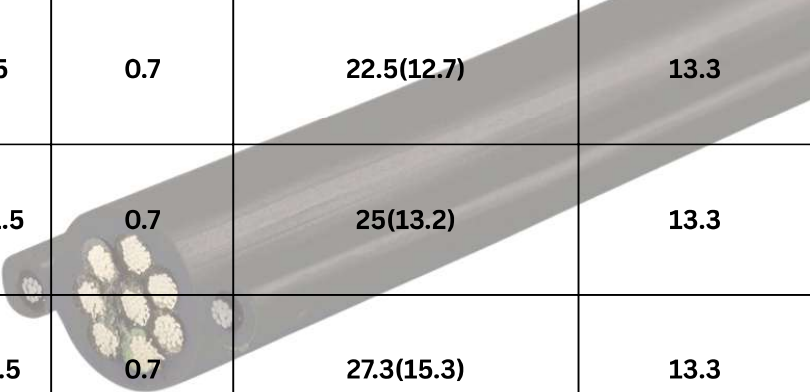

Echelon is Committed to delivering Top-quality industrial product solution . All our products have high standards of reliability, guaranteed by cutting-edge production and processing equipment, highly specialized technicians and a continuous search for raw materials selected among suppliers able to certify their quality.

APPLICATION: FOR USE IN HOIST AND PENDANT APPLICATIONS.

CONSTRUCTION FLEXIBLE STRANDED BARE COPPER CONDUCTORS,
PVC INSULATION, OIL RESISTANT YELLOW/BLACK PVC JACKET.
TEMP. RANGE: -40°C TO +70°C SUPPORTING ELEMENT IS GALVANIZED ROUND STEEL WIRE.
DRUM PACKING. OFFERED IN 500, 1000 METERS LENGTH.
